

CID Capital Invests in Scale Computing

Indianapolis, IN - June 25, 2009: CID Capital (CID) partnered with the Indiana 21st Century Research and Technology Fund and Indiana-based SpringMill Venture Partners and Blue Chip Venture Group as part of a \$5M investment in Scale Computing, a developer and manufacturer of the TrueCluster™ data storage technology.

Scale's TrueCluster™ technology yields an in-house enterprise-class storage system that reduces costs by up to 75 percent compared to traditional enterprise storage solutions. The technology creates a fluid, easily scalable storage pool. The technology represents a shift in the way enterprise storage is handled, but maintains seamless compatibility with the existing systems and software that use storage arrays.

Robert J. O'Brien, Managing Director, CID Capital commented, "We are very pleased to have made this investment as we have worked with this same management team in the past and have confidence in their ability to grow the company. The Scale technology offers the market a differentiated and sustainable solution for the growing demand for cost effective storage."

Jeff Ready, one of the Founders of Scale Computing, commented, "We could not be happier with CID as a partner. They will bring the experience....CEO and co-founder of Scale Computing commented, "We are thrilled to have a partner like CID at the table with us. Their experience, track record, and commitment to see startup companies succeed in Indiana and around the world will be instrumental to our success."

Scale is currently headquartered in San Carlos, CA, but will relocate to Indiana and begin building its operations.

ABOUT SCALE COMPUTING

Scale Computing is a data storage developer offering enterprise-class scalable and clustered storage solutions. Their enterprise storage solution, TrueCluster™, allows users to add storage hardware, known as storage nodes, as necessary without suspending services or migrating data. Scale Computing is also part of the Purdue Research Park. For more information, visit www.scalecomputing.com.

ABOUT CID CAPITAL

CID Capital has raised nine funds totaling over \$500 million and has made equity investments in over 110 companies, targeting opportunities in the life sciences, information technology, manufacturing technology, and business services sectors. Please contact at Robert J. O'Brien at 317.708.4860 or bob@cidcap.com if you have questions.
